

COMMAND CENTER TUFPORT™

The New Command Center Tufport™ turns your truck into a mobile office and work center. Configured inside with a desk / work surface, and plenty of storage, the Command Center is ideal for mobile technical crews, fibre-optic maintenance, veterinarians, and anyone else that needs their workspace to travel with them. Tufports™ are built to withstand the pounding and jarring of even the toughest daily grinds. Available in a variety of sizes to fit any full size or compact pick-up, our units come with a host of standard equipment and a wide variety of optional features that allow your Tufport™ to be customized to suit your own exact requirements. This versatility will help your business increase its efficiency and productivity, adding up to a savings in labor costs.
